PROFILE

An individual with a strong interest in IT, ranging from building computers to developing applications. In my free time, I dedicate myself to enhancing my programming skills, spending time with friends, working out at the gym, and reading fiction literature.

EDUCATION

IT-Högskolan, Gothenburg — *.Net Cloud Developer*

AUGUST 2021 - JUNE 2023

The focus of my education was on designing, developing, and managing various cloud solutions using Microsoft Azure. I gained proficiency in programming with .NET and C#, database programming, as well as frontend development.

NTI High School, Gothenburg — *IT*

AUGUST 2014 - JUNE 2017

An IT education specializing in networking and security. I acquired knowledge of how routers and switches function and how to use them to establish a secure network.

EXPERIENCE

Nordcloud, Gothenburg - *Internship*

JANUARY 2023 – MAY 2023

For a period of 17 weeks, I worked as a full-stack developer, focusing on developing an intranet. We utilized Vite.js as the development server, .Net for the API, React for the client-side, Tailwind CSS for design, and Terraform for infrastructure (IaC). The application was hosted on Azure using GitHub Actions. We followed the Scrum methodology, conducting daily standups and working in two-week sprints.

Volvo Cars Torslanda, Gothenburg - *Extra job*

JUNE 2022 – JANUARY 2023

Worked as a truck driver within the logistics department at the factory, enhancing my skills in communication and teamwork.
